Benevity global donation disbursement: verified and transparent

Weekly disbursement schedule

Donations are made **DAY 1 – 7**

Make a donation or grant to any of the 2.3 million verified and validated global nonprofits in the Benevity database.

Donations are reviewed **DAY 8 – 11**

The 8th day is the start of donation report generation, where invoicing and reconciliation begin.

Donations are sent **DAY 12 – 14**

Donation funds are aggregated and sent to global nonprofits as soon as Day 14.

Benevity's Donor Advised Funds (DAF) drive faster, more reliable disbursements

Corporate DAF

Best for companies that want **predictable, on-time disbursements and support** for all program types, without added cost.

Global DAF

Best for companies with \$1M+ in annual donation volume and multinational giving needs, who want **consolidated reporting, compliance, and a single fund to manage everything.**

User experience

Enhanced Traceability of Funds and Donation Transparency
